Early morning is a great time to visit Keeneland Race Course; the track is open year-round to the public during training hours from 6 to 10 a.m. The Track Kitchen opens at 6 a.m.

Off to the RACES

KEENELAND RACE COURSE | LEXINGTON, KENTUCKY

Truly one of the most beautiful racetracks in the United States, Keeneland Race Course is particularly spectacular among the gorgeous colors of autumn in Lexington, Kentucky. During the October Fall Meeting, the track features races every day except Monday and Tuesday. Also featuring a state-of-the-art library that is the world's largest repository of information relating to thoroughbred horses, Keeneland takes great pride in maintaining racing traditions. Grassy meadows, lush landscaping and beautifully maintained facilities make this a special place to vacation. — JAN ROSS
